

Matthew Sturm '83, '89

along "Background" or mudstone Glacier

Mudstone Glacier in the
Background
Taylor - Peterson West. I
climb - March, 1911

The Belmore Division party has
been attempting to climb for
two months, without being
landed from. They went out on
a thin trail (July 18, 1912)
in hope of a year of open
water, no glaciers and no
serious snow-slides
