How do I determine if my trees have been attacked?

How do I determine if my trees have been attacked?

1. B ring dust:

2. Pitch tubes:

12

Be sure to read and follow all label directions. The label is the law!

The tree appears to be attacked

Is there anything I can do to prevent future outbreaks of bark beetles on my property?

For more information

is printing was paid for by the Renewable Resources Extension Act (RREA).
