

Step-by-step Access to SciENCv

1. If you already have a login for NCBI, start here <https://www.ncbi.nlm.nih.gov/account/> otherwise, if you

Linking Your Accounts

- 1) Link your accounts by clicking your user name in the upper right hand corner
- 2) Select Change under linked accounts
- 3) Search for the account name you'd like to link and then follow the instructions on the link.
- 4) As you link your accounts, y

Building your Biosketch through SciENCv

If you don't have any Biosketches built yet, you will select [Click here](#).
OR
If you do have Biosketches built, you will select [Manage SciENCv](#)

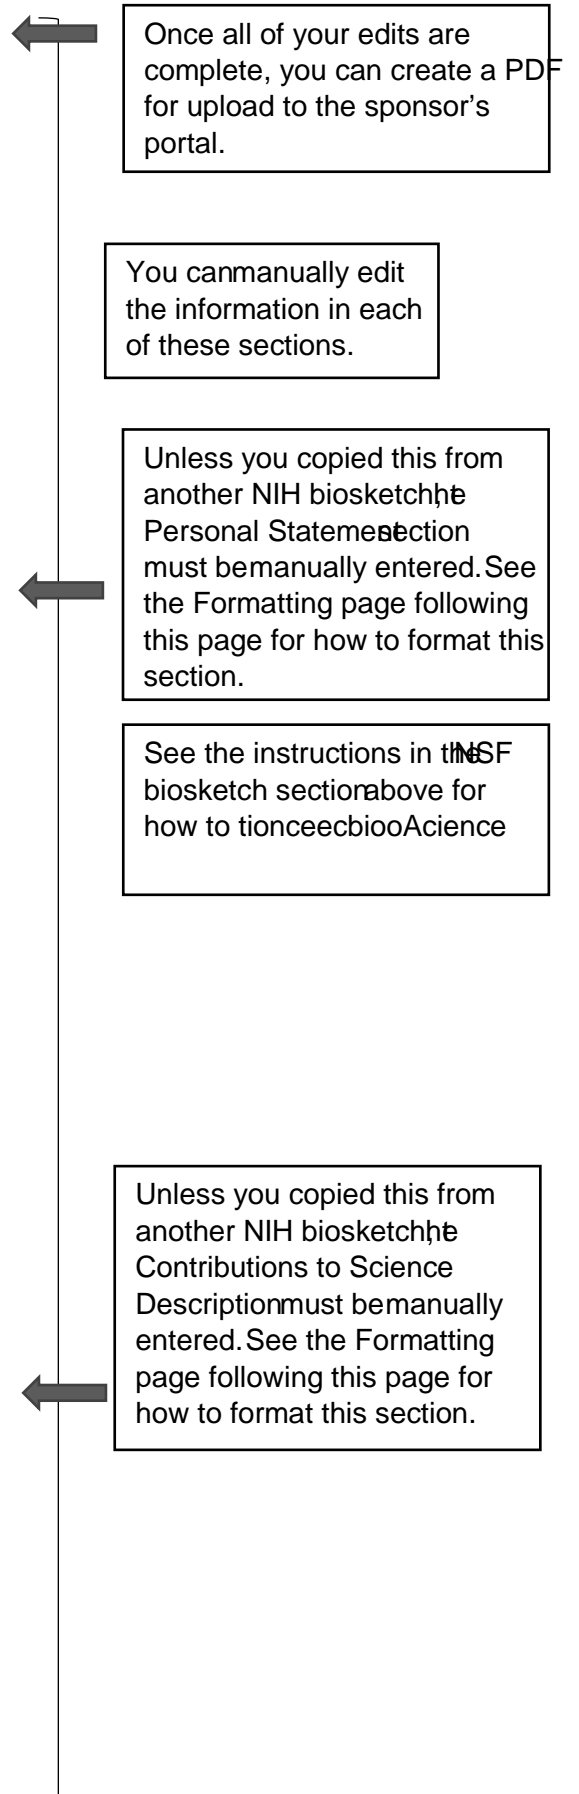

Choose the type of Biosketch you need to build, the source of the data, and if it will be public or private.
*Note that if you choose an existing biosketch, any existing information that is required in the new biosketch will transfer, for example, personal statements for NIH.

Select [Create](#)

BUILD AN NIH BIOSKETCH

FORMATTING TEXT BOXES IN THE BIOSKETCH

This is true of all text boxes, not just the personal statement.
