

OUTREACH AND DEVELOPMENT

TFS Early Career Research Support Fund

Seed funding to establish the fund was provided by

OUTREACH AND DEVELOPMENT

TFS Field Course Support Fund

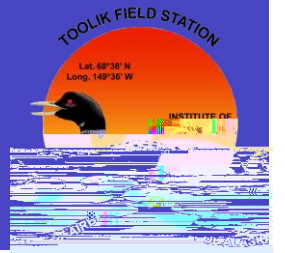

Seed funding was provided by unaffiliated donors

Fund supports educational access and programming related to TFS research, with a focus on serving underrepresented communities

No specific programming developed at this time, but some examples are Alaskan Native programs, “Girls on Tundra,” and other field courses

STRATEGIC PLANNING

TFS is undergoing a strategic planning process, including the development of a published strategic plan

Currently conducting preliminary work: stakeholder analysis, staff outreach, integration of 2019 workshop input, and rough draft development

In the coming months we will invite increased community and stakeholder participation. Volunteers?

2021 All-Scientists meeting will host workshops supporting the effort
